

Contractor Registration Application

Missouri Green Banc Registered C-PACE Contractor

WHAT REGISTRATION IS, AND WHAT IT IS NOT

To use C-PACE through Missouri Green Banc you must be a registered contractor. Registration maintains a trusted network and tells property owners you have been trained. Registered contractors in good standing are listed in MGB's public contractor directory — where owners and the program team look first. Registration runs on a term of approximately three years, after which you re-enroll provided you remain in good standing.

Registration and directory listing are not an endorsement. You may state that you are a Missouri Green Banc Registered C-PACE Contractor. You may not imply that MGB endorses your company over others, or use the MGB mark in a way suggesting a specific recommendation.

SECTION 1 — COMPANY

Legal company name	
DBA / trade name	
Missouri Secretary of State entity ID	
Physical address	
City / state / ZIP	
Mailing address	<i>if different</i>
Company website / years in business	

SECTION 2 — PRIMARY CONTACT

Name and title	
Direct phone	
Email	
Directory contact	<i>name, phone, and email to publish in the MGB contractor directory, if different from above</i>

SECTION 3 — TRADES AND SERVICE AREA

List each trade you intend to perform on C-PACE projects, with the Missouri license or registration held for that trade. Attach copies of all licenses.

TRADE / SCOPE PERFORMED	LICENSE OR REGISTRATION NO.	ISSUING AUTHORITY	EXPIRATION

Counties served / typical project size range	
--	--

SECTION 4 — INSURANCE AND BONDING

General liability carrier / limits	
Workers' compensation carrier	
Bonding capacity and surety	

Missouri Green Banc contractors may use the registration form:

<https://www.missourigreenbanc.org/match>

— the training requires registration. It may be done electronically prior to training..

SECTION 5 — TRAINING COMPLETION

MGB Academy course completed	C-PACE for Contractors
Completion date	
Certificate number	
Name(s) of trained personnel	attach additional sheet if more than three

SECTION 6 — GOOD STANDING

A yes to any of the last three does not automatically disqualify you; it prompts a conversation.

☐	All trade licenses listed in Section 3 are current and in good standing.
☐	The company is in good standing with the Missouri Secretary of State.
☐	Any license suspension, revocation, or disciplinary action in the past five years is disclosed on an attached sheet.
☐	Any unresolved consumer complaint, judgment, or lien related to construction work is disclosed on an attached sheet.
☐	Any bankruptcy filing in the past five years is disclosed on an attached sheet.

SECTION 7 — PROGRAM CONDUCT ACKNOWLEDGMENT

By signing below, the applicant acknowledges the conduct standards covered in Module 6 of the MGB Academy contractor training: representing C-PACE honestly and never as free money or a grant; not inflating savings estimates; not pressuring an owner or rushing them past understanding; being clear about costs and key terms; encouraging owners to involve their own accountant and attorney rather than acting as their financial advisor; performing no work outside the approved scope without an approved change order; not collecting payment in ways that violate the program's disbursement process; and not misusing the MGB name or mark to imply an endorsement. Missouri Green Banc maintains the registered-contractor list and may remove a contractor who violates program standards or good practice.

[MGB counsel to review and finalize the certification, signature, and attestation language in this section] before the application is issued. The text above restates the conduct standards as the training presents them; it is not drafted as an executable legal certification.

Signature	
Printed name and title	
Date	

SUBMISSION
