C-PACE for Energy Auditors

Turn your recommendations into fundable projects by connecting owners with capital and contractors.

A program of Missouri Green Banc | MGB Academy | Workforce Education & Training Series

What does this course do?

An audit identifies the improvements; the owner still needs a way to pay for them. The course shows how NPCA connects owners with capital and contractors, so a report becomes an action plan rather than a filed document.

Who should take it?

- Energy auditors and commissioning agents serving Missouri commercial buildings
- Firms producing ASHRAE-level audits and scoping studies
- Staff preparing measure lists for owner capital plans

This course does not verify engineering qualifications.

Course page
missourigreenbanc.org/courses/c-pace-for-energy-auditors/

What does the course cover?

- How the platform surfaces best-fit candidates
- How measures map to fundable project elements on both tracks
- How the economic benefit standard and engineer certification work
- How to present findings alongside a clear funding path

Eight segments, about 33 minutes.

What do you take away?

- An MGB Academy course completion certificate
- Ten job aids plus a capstone worksheet for scoping a fundable measure package

NOTE: Because program terms, citations, and funding availability change, confirm current requirements with Missouri Green Banc before relying on this sheet. Missouri Green Banc is a 501(c)(3) nonprofit green bank and administers the Missouri Clean Energy District, the statutory C-PACE authority under § 67.2800 RSMo, serving more than 300 member communities covering roughly 62% of Missouri's population. This sheet describes a course; it is not an offer of credit or a commitment to fund. Completion is a training record. It is not a license, a certification of engineering judgment, or an authorization to act for Missouri Green Banc or the Missouri Clean Energy District.

Missouri Green Banc | 16305 Swingley Ridge Road, Suite 220, Chesterfield, MO 63017

How do we get started?

- Register at missourigreenbanc.org/register/ as General User
- Work the course at your own pace on the course page
- Finish the course, then put the platform to work on a live project

Are there other requirements?

- Register before the course opens; access is tied to the registration
- Certification of economic benefit rests with a qualified engineer, not with the course
- The course does not put the auditor in the position of selecting a contractor or a capital provider

How long does it take?

- About 33 minutes across eight segments
- Self-paced, with no scheduled sessions

What does it cost?

- **Course tuition:** none — the course is offered at no cost
- NPCA participation is fee-free for property owners, contractors, and capital providers alike

Who can answer questions?

Missouri Green Banc, MGB Academy — (866) 554-4083
communications@missourigreenbanc.org

What should you tell an owner?

- Assessment contracts run up to 20 years, not to exceed the weighted average useful life of the improvements
- The statutory test is economic benefit; a savings-to-investment ratio of 1.0 or better, certified by a qualified engineer, is the requirement Missouri Green Banc applies
- The owner chooses the contractor and the capital provider as two separate decisions; nothing in the course puts anyone else in that seat
- Property owners have their own free MGB Academy course on how NPCA — National PACE Capital Access — surfaces best-fit capital providers and contractors

What governs this program?

- Missouri C-PACE enabling statute, § 67.2800–67.2835 RSMo
- MCED program guidelines and fee schedule
- NPCA platform terms of service and participation agreements

Where can I learn more?

- Course page: missourigreenbanc.org/courses/c-pace-for-energy-auditors/
- NPCA registration: missourigreenbanc.org/register/
- Related tracks: architects and engineers, contractors, property managers

Why does Missouri Green Banc do this?

Audit reports sit unread because the last page names a cost and no source of funds. When the funding path is part of the finding, the measure list turns into scheduled work, and the auditor's report becomes the document the owner acts on.

NOTE: Because program terms, citations, and funding availability change, confirm current requirements with Missouri Green Banc before relying on this sheet. This sheet describes a course; it is not an offer of credit or a commitment to fund.
